

Imm-Prove™

Immune Health

Features & Benefits:

- Supports a healthy immune system
- Supports healthy respiratory functions
- Enhances immune functions and defenses
- Refreshes and enhances well-being

Echinacea angustifolia, Echinacea purpurea, Astragalus and Oregon Grape help enhance and maintain the immune system while Chamomile calms the body and mind. Licorice, Ginger and White Willow help promote healthy immune response. Eucalyptus, Osha, Wild Cherry and Fenugreek provide respiratory support and healthy breathing functions. Eyebright and Nettle help balance the body's immune system to promote health with seasonal or environmental stressors. Amalaki is natural source of Vitamin C.
