

Products & Protocols for Reiki Masters & Touch Therapists

Soothing Aromatherapy Sprays

- Before or during any treatment spray these Aromatherapy Mists in the treatment room and over client. Have them take a deep breath and relax.

Calmtm - Relaxing & De-stressing for anxiety, stress and irritability. Helps focus and ground.

Revivetm - Energizing & Uplifting for fatigue and depression. Helps enhance mood and energize the senses.

Imm-Provetm - Immune Enhancing and Respiratory Opener. Helps open airways and refresh and revitalize energy.

Stasistm - Women's Hormone Balance for PMS or Menopausal symptoms.

Emotion Potions

Aromatherapy, crystal oils that can be used before, during or after any type of Reiki, Healing Touch or Chakra bodywork.

Use them on their corresponding energy centers (if applicable) or on temples, neck and pulse points during treatments and attunements.

These also make great point of purchase sales for use at home after the treatments.
